**Protection of Civilian Health is a Necessary Part of Home Defense**

Wars in the past have always brought an increase in tuberculosis. New problems are created by the concentration of defense workers, makeshift housing, long working hours, and by the influx of women into factories. Uncle Sam is determined to keep tuberculosis out of our armed forces. WE must keep it out of our homes.

PROTECT YOUR HOME FROM TUBERCULOSIS

**For Our Home Defense! . .**

Let us keep our eyes on the affairs of the world, but at the same time let us also *watch the foe* ever ready to invade our homes.

Tuberculosis . . besides being a constant threat to all of us . . is the chief cause of *all* deaths in the age group which includes our potential defenders and producers of defense materials.

..CHRISTMAS marks the coming into the world of a new force whose beneficence has never ceased, a force so human and compassionate that little children sing of it with joy, and yet a force so godlike that angels sounded its marching music to this world. The fires that burn on happy hearthstones are its altar-fires, the cherishing of children's joys its alms, the loyalties of friendship its shining ritual, and its sacraments are Christmas cheer, Christmas charity, Christmas hope. . .
