

HOME **Decorative** **PAINTS,** **FOR FAMILY USE,** **Put up in Pint and Half-Pint Cans, mixed ready for use.**

Our "Decorative" Paints are simply Linseed Oil Paints, and the colors, being entirely free from dangerous lead, are perfectly safe for use in the most delicate applied to an old chair, flower pot screen, and many other household articles, will give them the appearance of being new, and brighten up and make a home much more cheerful.

Every housekeeper can occasionally use to advantage a small can of prepared paint, and we know that nothing will call for one so much as the **Decorative Paints**, because they are so easily put up, full directions accompany each can, and they are superior in quality to any other article. We believe they will continue to merit the general endorsement they have received, namely, that of the highest degree of excellence ever acquired in a household paint. Sample Card of sixteen beautiful colors furnished on application.

is the signy name title of our Fifteenth Card, illustrating a scene familiar to many homes in Christian lands, and, as we think, the best executed of our series. The reverent air and thoughtful contemplance of each member of the group—the appropriate expression of each individual, so beautifully and carefully delineated. Shows the sympathetic genius of the celebrated Scotch artist, Thomas Peck, at his very best. Our object in presenting this card, is to ask you to remember that

WHEN YOUR OWN HEALTH

is in question, and such symptoms are represented as low spirits, restlessness, poor stomach, sick headache, a variable appetite, rising of food after eating, oppression of the stomach, lowly, loathing, and irregularity of the bowels, rest assured it is a form of dyspepsia—a complaint tending to break down the general system, and thus open the way for many serious diseases, such as indigestion, biliousness, constipation, and as a result, hemorrhoids, piles, general tonic. Two teaspoonfuls of this medicine, mixed with four tablespoonfuls of water, taken after each meal, keeping the bowels gently open when necessary with Dr. Jayne's Sensitive Pills, will soon overcome the worst symptoms and remove this distressing disease.

[illegible]

For Coughs, Colds, Throat and Lung Troubles, as everybody well knows, DR. JAYNE'S EXPECTORANT is the Standard Family Remedy.

BOSNIA.

A territory of Europe, enclosed by Dalmacia, Slavonia, Servia, Albania and Montenegro. It was formerly a Turkish Vilayet, but is now under Austro-Hungary. The country is very mountainous and better adapted to grazing and stock raising than to the cultivation of grains. Fruits are an abundant product, especially prunes. The Bosnians are of Slavic stock, finely formed and intelligent. This young man in his picturesque national dress is a fair type of the average Bosnian. The Singer Machine has found its way into the mountain and valley homes of Bosnia and large numbers are sold annually.
