SULPHUR BATHS.

By rendering the ordinary water of the bath distinctly soapy with GLENN'S SULPHUR SOAP, a sulphur bath may be obtained that is frequently effective in allaying many itchy conditions of the skin.

The special sulphur used in the manufacture of this soap has proven very efficacious in all conditions of the skin where sulphur is indicated 33 $\frac{1}{3}$ %.

INSTRUCCIONES:—Para localizar las afecciones de la piel, báñense las partes afectadas con una solución fuerte de jabón y séquense con una toalla suave. Para las enfermedades de la piel que cubran una vasta superficie del cuerpo, úsese el jabón abundantemente en combinación con baños de agua caliente repetidos con frecuencia.

MINER'S PENETRATING HERB-OIL-INE LINIMENT

This preparation is a combination of penetrating oils and such other valuable ingredients as to make an ideal liniment.

When applied to the affected parts, it is readily absorbed thru the pores of the skin and tends to relieve the pain, allay inflammation, reduce swelling, and when rubbed briskly into the affected parts to increase the blood circulation.

DIRECTIONS FOR USE

As a Mouth Wash or Gargle use
two teaspoons to one pint of warm
water. Regular use of SAL-TEX will
tend to keep the mouth in clean,
wholesome condition, and sweeten
the breath. For Head Cold use one-
half teaspoon to one glass of warm
water in nasal douche or by snuffing
thru the nostrils. SAL-TEX makes an
effective steaming solution. Use two
or three teaspoons to a pint of water.
Boil solution in a suitable vessel,
inhaling the vapor.
